

A technical line drawing of a mechanical lever arm assembly. The assembly consists of a long, straight lever arm. At one end, there is a handle with a contoured grip. The handle is mounted on a central pivot point, which is secured by a hex nut and a washer. A small, flat, rectangular plate is attached to the bottom of the handle. At the other end of the lever arm, there is a mounting bracket with a circular hole, which is secured by a hex nut and a washer. The entire assembly is shown in a side view, highlighting the lever arm and the mounting points.
